

## TESSERENT INNOVATION COMPLETES INVESTMENT IN TRANSFORMATIVE TECH COMPANIES TRUSTGRID AND ATTACKBOUND

Tesserent Limited (ASX:TNT) is pleased to announce the completion of Tesserent Innovation's investment into technology companies **TrustGrid™** and **AttackBound™** as previously announced on 5 May 2021.

TrustGrid™ is an innovative and patent-protected advanced blockchain technology used to provide privacy-preserved, secure and private digital trust services, while AttackBound™ is an artificial intelligence-based Cyber Threat Intelligence platform that provides organisations a holistic view of the attack surface from a hacker perspective (both in the private and public sector).

Current applications of the TrustGrid and AttackBound solutions include:

- privacy-preserved tracking of vaccinations and health records
- digital accreditations – secure and private digital records of professional qualifications and other achievements
- citizen services – enabling secure, private and highly effective digital government (e.g. passports, driver's licenses and more)
- discovery of technical vulnerabilities to avoid data breaches and ransomware attacks
- tracking potential leaks of companies confidential data to social engineering and phishing attacks

In addition to its equity stake, Tesserent has established a strategic partnership with TrustGrid and AttackBound to incorporate the distribution of these solutions into its Cyber 360 offering for Australia and New Zealand customers.

Tesserent Innovation's mission is to invest in innovative technology organisations that generate revenue, and can scale by using Tesserent's extensive customer base across Australia and New Zealand, and TrustGrid and AttackBound are two such investments.

The Company looks forward to keeping the market updated on the progress of this strategic partnership and further investments from Tesserent Innovation in coming announcements.

### ABOUT TESSERENT

Tesserent provides full service, enterprise-grade Cyber Security and networking solutions targeted at mid-market, enterprise and government customers across Australia. The Company's Cyber 360 strategy delivers integrated solutions covering identification, protection and 24/7 monitoring against

## ASX ANNOUNCEMENT

Melbourne – 16 June 2021

Cyber Security threats. With in excess of 350 security engineers, Tesseract has the capability to support organisations defend their digital assets against increasing risks and cyber-attacks.
